

CEG,ANNA UNIVERSITY

Computer Science and Engineering

Date: 25/4/2025

To Whom It May Concern,

Subject: Letter of Recommendation for c

It is with great pleasure that I recommend c, who successfully completed the FULL STACK TECHNOLOGIES course under my instruction at CEG,ANNA UNIVERSITY. I have had the opportunity to observe c's progress and abilities throughout the duration of the course.

c demonstrated a strong aptitude for both front-end and back-end development concepts covered in the FULL STACK TECHNOLOGIES program. This included proficiency in core technologies such as HTML, CSS, JavaScript, Node.js, React, Express, and database management with MongoDB.

Beyond technical skills, c is a dedicated and proactive learner, consistently meeting deadlines and demonstrating a strong work ethic. They possess excellent communication skills and collaborated effectively with peers.

Based on c's performance and potential demonstrated in the FULL STACK TECHNOLOGIES course, I recommend them highly for future opportunities in web development. I am confident they would be a valuable asset to any team.

Sincerely,
